Re: Appeal to the Fifth District Appellate Court of Illinois
Docket No. 5-03-0441 – ICC Docket 02-0169

Dear Ms. Rolando:

The Notice of Appeal of the Order in the above-referenced matter was mailed to your office for filing on July 17, 2003, and a copy of said Notice, together with a Petition for Review, was also filed with the Clerk of the Fifth District Appellate Court of Illinois.

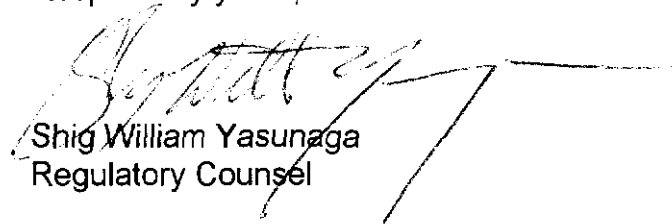

Please consider this a request by the Appellants for appropriate copies of exhibits related to the record in Docket No. 02-0169, which copies are to be made at the cost of the Appellant. You may charge Illinois Power's credit card on file with your office. Furthermore, it is my understanding that your office will print the transcripts of the proceedings, again at the cost of Illinois Power. Said transcripts are to be used in the formation of the ICC record which is required to be filed with the Fifth District Appellate Court, Docket No. 5-03-0441, pursuant to Section 10-201(b) of the Public Utilities Act (220 ILCS 5/10-201(b)).

The items to be copied, at Illinois Power's expense, and included in the Commission record on appeal are identified on the attached exhibit. The items set forth constitute a representation of the portions of the record for which the Appellant has responsibility for furnishing. It is my understanding that your office

will provided all additional elements of the record including pleadings, Orders made and entered, and briefs as filed in this Docket.

If you have any questions or concerns, please let me know. I remain,

Respectfully yours,

Shig William Yasunaga
Regulatory Counsel
